Today we welcome Bolton Wanderers who are managed by Phil Neal the ex Liverpool player and over the years Phil has built up a good side which is challenging for the play off spot and PROMOTION!

This match will be our third in a very short space of time and I would like to thank one and all for the very loyal support that you have shown to Swansea City Football Club especially concerning the frustrating and disappointing season that you have had to endure.

I have stressed to my players that we have three League games left culminating in a visit to the National Stadium on 19th May for the Allbright Bitter Welsh Cup Final — and NOTHING less than their very best will be considered in these last two weeks.

Thank you once again for your support, enjoy the game and a safe journey home.

## BOLTON WANDERERS

Last season both our games against today's visitors ended in goal-less draws. In many ways those results are par for the course as far as Bolton v the Swans are concerned, for of the last ten games played three ended 0-0, two 1-0 two 0-1 and two 1-1. Only the home game in February 1986 produced a victory by more than one goal for either side. On that occasion we were the victors 3-1.

Listening to Lawrie McNenemy at the Brangwyn Dinner for the Swans (Congratulations, again to Gordon Scott and his team) reminded me of a particular game against Bolton. Why? Well, Lawrie reminded his audience of his friendship with the late Harry Griffiths. He also spoke of the Blackpool-Bolton FA Cup Final and the connection which I made was a Cup match against Bolton when they were managed by another of Harry's great friends Ian Greaves. The game was a Football League Cup match, we were, at the time, a Fourth Division outfit while Bolton were in the second. Nonetheless we gave them a great game that night after which Ian spoke warmly about Swansea football. What an exciting game that was. 10,575 fans were in the ground to see Alan Curtis score for us and Steve Taylor slot home the Bolton goal. Actually, each side might have scored a couple more, had the fates been kinder.

I wonder how many people at the Vetch today can recall that match and the teams which performed for us then?

**SWANS:** Potter; Evans (W); Bartley; Bruton; May; Harris; Lally; Evans (R); Curtis; Charles; Chappell; Sub: Smith

**BOLTON:** McDonough; Nicholson; Dunne; Greaves; Jones; Allardyce; Smith; Whitmore; Taylor; Reid; Waldron

At left back for Bolton was Dunne, the old Manchester Utd. player. After 415 games at Old Trafford, he turned out 166 times for Wanderers. Sam Allardyce was another great club servant for Bolton as was Neil Whatmore. Neil turned out 262 times in the Bolton shirt.

The great servants in the Swans side need no introduction to the home crowd, but Wyndham Evans, Danny Bartley, Dave Bruton and Eddie May all made huge contributions without getting national recognition.

Enjoy a touch of elegance

**PHIL BROWN** — Full back. Born South Shields. Club captain who has been an ever present in the side for the past two seasons since his £17,000 move from Halifax Town. He made 135 league appearances for the Yorkshire club after playing over 200 times for his first club Hartlepool United.

**PAUL HUGHES** — Full back. Born Manchester. Came through the Wanderers youth policy to make his league debut during the fourth division promotion winning season of 1987/88. For the last two seasons he has been dogged with injury problems that has kept his appearances to a minimum.

**BARRY COWDRILL** — Full back/ Midfield. Born Birmingham. Began his league career with West Bromwich Albion who secured his services from Sutton Coldfield Town. He moved to Burnden two seasons ago after 131 games for Albion and was last season's player of the year.

**MARK WINSTANLEY** — Defender. Born St. Helens. A 'home grown' player who made his debut in 1986. Became a regular in the side two years later and has now over 100 appearances to his credit. His consistent performances have been a feature that have attracted the attention of some first division clubs.

**TONY PHILLISKIRK** — Forward.

Born Sunderland. Last season's leading goalscorer after his close season £50,000 move to Burnden from Preston North End. Began his career with Sheffield United, making 60 appearances, before moving to Oldham in July 1988 where he spent only 7 months.

**MARK CAME** — Defender. Born Exeter. Joined the Wanderers from non league Winsford United in 1984. Became a regular twelve months later but a broken leg in 1988 kept him out of the game for a long period. Forced his way back into the team last season and popped up with some important goals in the marathon cup tie against Swindon Town.

**JULIAN DARBY** — Midfield. Born Bolton. A product of the club's youth policy who has proved to be a ver-

satire member of the squad since making his debut in 1986. Over 150 appearances for his home town club and was an ever present last term in which he scored 12 goals.

**STEVE THOMPSON** — Midfield. Born Oldham. The club's longest professional having made his debut in November 1982. Came through the youth ranks and has since played over 300 games in three divisions of the football league.

**STUART SCORER** — Midfield/Forward. Born Harborough. Joined Bolton in a £25,000 deal from Everton in January 1988 after a loan spell. Began his career with Mansfield Town before moving to Birmingham City and then on to Goodison Park.

**GARY HENSHAW** — Midfield. Born Leeds. Moved to Burnden from his only other league club, Grimsby Town, in July 1987. He failed to command a regular place last term and

spent some time out on loan with Rochdale.

**ROBBIE SAVAGE** — Midfield. Born Liverpool. Missed most of last season through injury. First appeared in the football league in a loan period with Wrexham from his first club Liverpool. Since played with Stoke City, Bournemouth and Bradford City from whom he joined Bolton in September 1987.

**PAUL COMSTIVE** — Midfield. Born Southport. Joined the Wanderers in September 1989 from Burnley after making 82 appearances for the Turf Moor club. Began with Blackburn Rovers and his other clubs include Rochdale (loan), Wigan Athletic and Wrexham.

**SCOTT GREEN** — Midfield. Born Walsall. A £50,000 fee secured the 20 year old from Derby County last March. He failed to appear in the first team at the Baseball Ground but forced his way into the Bolton side

in the latter stages of the campaign.

**DAVID REEVES** — Forward. Born Birkenhead. A tribunal set his fee at £80,000 when he moved to the Wanderers from Sheffield Wednesday last summer. Joined Wednesday from non league football and subsequently got his first taste of league football in loan spells with Scunthorpe and Burnley.

# HELPING THE GAME

A fine new stand – one of the many initiatives supported by Trust funds.

The Football Trust 1990 has been created to help the game at all levels and to assist clubs meet the requirements of Lord Justice Taylor's final report.

Safety and comfort for all spectators is the primary objective and substantial funds have been made available for the provision of seating at Football League grounds. At the same time the Trust's commitment to family and community initiatives will continue with the provision of more family enclosures, better toilet facilities, covered accommodation, artificial pitches for local use and the development of women's and junior football particularly through community programmes, plus a wide range of policing and crowd control measures.

Each year The Trust expects to receive £20 million from the reduction in Pool Betting Duty plus the £10 million continuing contribution from the Spotting-the-Ball competition organised by Littlewoods, Vernons and Zetters. This money will be invested in projects which benefit football throughout the United Kingdom.

### **Football for the Family**

As the season draws to its inevitable close, it's interesting to note the changes that are beginning to occur amongst supporters at some football grounds.

I am talking about the extraordinary absence of hooliganism and other ugly incidents from football grounds during the 1990/91 season. Moreover, the display by West Ham at the recent FA Cup semi-finals was more akin to the explosion of noise, song and colour associated with Italian, Brazilian fans and not representative of the normal football crowd.

According to the experts, this season has shown that the British clubs are beginning to move in line with our Continental counterparts.

There seems to be two important conditions making this possible. One is the impact of the World Cup. There is no doubt that the packaging of the competition by the BBC — including Pavarotti somehow gave the game a new image. Another crucial factor in the new mood on the terraces is the removal from many grounds the perimeter fences. According to Lord Justice Taylor these caged-in terraces did tend to produce an animal-like response in the supporters.

Whilst, this new mood is by no means universal, there's no doubt that fans are becoming more playful. 'Victory' against the 'enemy' is not the only objective. Style is important again. The crowd is a crucial part of the event and hooliganism has suddenly become unfashionable.

Proof has been seen of many grounds this season but was particularly prevalent at the Villa/West Ham semi-final. There, the response of the fans with their unprecedented display of songs, inflatable hammers and standing chances; showed quite clearly the astonishing change that is taking place in the culture of some of our football terraces.

As the more observant of you have noticed, my voice has been heard less and less on the Radio Vetch system this season. Pressure of work and the need to spend more time with my family has brought this about. During the close season, I will think long and hard about my future at the Vetch, but in the meantime I'd like to thank Paul Rogers, Geoff Archer and my very old friend, Tony Nakonecznyj for maintaining the service.

Last but certainly not least I'd like to thank you for all your letters and support over the years.

Have a great summer.

# "LORUS QUARTZ WATCH FREE COMPETITION"

## 'Laws of the Game' by Ant O'Connell (Ynysforgan)

Everyone likes to think they know the rules better than the referee, but how much do you really know? Try these ten quick questions and see how you do.

1. How many laws of the game are there?
2. Exactly where are the half-way flags positioned, and why don't all clubs have them?
3. What are the maximum and minimum pitch sizes for a league match? Is a square pitch allowed?
4. What height must the corner (and half-way) flags be?
5. The goals are 8' high — Measured from where?
6. What are the permitted post shapes?
7. Under what circumstances may play take place without a crossbar?
8. What materials may the goal nets be made of? Are nets compulsory?
9. What shape is the ball and what must it be made of?
10. What is the permitted ball circumference?

Answers to Chief Executive Robin Sharpe, Vetch Field, Swansea SA1 3SO by 8th May, 1991. First two correct entries out of bag will each receive a Lorus Quartz watch.

The logo consists of the word "Howzat" written in a large, flowing, handwritten-style font. The letters are dark, possibly black or dark green, and have a slightly textured appearance.
